BY-LAWS.

I—OFFICERS OF THE BOARD.

The officers shall consist of a chairman (who shall be elected by ballot), of an executive committee of three to be nominated by the chair and approved by the Board, all of whom shall serve for one year or until their successors shall be chosen, and of the secretary.

II—DUTIES OF OFFICERS.

(a.) The chairman shall preside at the meetings and shall certify to the decisions of the Board. He shall appoint all committees not specially named by the Board. In his absence the Board shall have power to elect a temporary chairman.

(b.) The secretary shall keep minutes of the proceedings of the Board and shall record the decisions rendered, or other action of the Board upon cases submitted to it, with reference to the papers filed in each case. He shall maintain files of the original papers, or copies of them, that may be presented in each case, conveniently arranged for reference. He shall, under the instructions of the Board, conduct the general correspondence and shall receive communications presented for the consideration of the Board.

(c.) The executive committee shall receive through the secretary all communications requiring decision by the Board, shall investigate the questions presented and, after securing information from all available sources, shall report to the Board with recommendations regarding them.

(d.) Before dealing with any name within a province represented upon the Board, such name shall be submitted to the representative of said province for examination and report.

(e.) Upon the receipt of a communication submitting place-names for the consideration of the Board, it shall be the duty of the secretary, after preliminary submission to the executive committee, to transmit at once a copy of such communication, together with any papers relating thereto, to the member of the Board for the province affected, and also, in the case of coast names appearing on admiralty charts, to the hydrographer of the admiralty.

(f.) So soon as the report of the provincial representative, and in the case of chart names, the report of the hydrographer, are received, the secretary shall immediately submit the whole correspondence to the executive committee who shall promptly prepare the names for submission to the Board.

(g.) The secretary shall enter upon every record submitted for the consideration of the Board, the recommendation of the provincial representative, and, if any, the recommendation of the hydrographer.

III—MEETINGS.

The Board shall hold regular meetings on the first Monday in each month. Special meetings may be called by the chairman or by the executive committee. Five members of the Board shall constitute a quorum, but on the written request of any member, filed with the secretary of the Board within a month from the date of a meeting, any decision adopted at such meeting shall be reserved for approval by a majority of the full Board. The affirmative vote of a majority of all the members of the Board shall be required for the final decision in any case. All motions presented for the consideration of the Board shall be submitted in writing.

IV—REPORTS.

The Board shall publish its decisions on geographic names, after each meeting, in the *Canada Gazette* and in bulletins, the same to be consolidated in a general report of the Board's work, to be issued at the end of each fiscal year.

V—AMENDMENTS.

These by-laws may be amended at any regular or special meeting, by a majority vote of all the members of the Board, provided that copies of the proposed amendment have been sent by the secretary to the members of the Board at least twenty days previous to the time the vote is taken.

RULES OF NOMENCLATURE.

1. When the priority of a name has been established by publication, particularly when such publication has occurred in any standard or authoritative work or works, that name should, if possible, be retained.

2. When names have been changed or corrupted, if not too firmly established by local usage or otherwise, the original forms should be restored.

3. In cases where what was evidently originally the same word, appears with various spellings sanctioned by local usage or otherwise, these various spellings when applied to different features should be regarded as in effect different names, and as a rule it is inadvisable to attempt to produce uniformity.

4. As a rule the first published name should be retained, but where a choice is offered between two or more names for the same place or locality, all sanctioned by local usage, that which is most appropriate and euphonious should be adopted.

5. The possessive form should be avoided whenever it can be done without destroying the euphony of the name or changing its descriptive application. Where the possessive form is retained, the apostrophe should be dropped.

6. It is desirable to avoid the use of hyphens to connect parts of Indian names.

7. Names consisting of more than one word may be connected by hyphens or combined in one word as may be advisable.

8. It is desirable to avoid the use of the words city and town as parts of names.

9. The form 'canyon' may be used instead of 'cañon'.

10. The term 'brook' is considered preferable to 'creek' for designating small streams, and will be adopted in cases where the latter has not become too firmly fixed.

11. The Board suggests that the initial letters of generic or descriptive parts of geographical names, when used in reports or other documents, should not be capitals.

12. The use of alternative names should be discontinued where possible or not inconvenient.

13. Geographical names in foreign countries should be rendered in the form adopted by that country, except where there are English equivalents already fixed by usage.

14. French names in Canada are to be spelt according to the rules of the French language.

15. The spelling of native geographical names should represent, approximately, the true sounds of the words as pronounced in the native tongue.

16. The Board adopts the rules of the Royal Geographical Society for the orthography of geographical names, of which the broad features are as follows:—

(a) The vowels are to be pronounced as in Italian and the consonants as in English.

(b) Every letter is pronounced, and no redundant letters are introduced. When two vowels come together each one is sounded, though the result, when spoken quickly, is sometimes scarcely to be distinguished from a single sound, as in *ai*, *au*, *ei*.

(c) One accent only is used, the acute, to denote the syllable on which stress is laid. This is very important, as the sounds of many names are entirely altered by the misplacement of this 'stress'.

SESSIONAL PAPER No. 21a

The following amplification of these rules explains their application:—

| Letters. | Pronunciation and Remarks. | Examples. |
|----------|---|--|
| a | <i>ah</i> , <i>a</i> as in <i>father</i> | Java, Banana, Somli, Bari. |
| e | <i>eh</i> , <i>a</i> as in <i>fate</i> | Tel el Kebir, Oleleh, Yezo, Medina, Levuka, Peru. |
| i | English <i>e</i> ; <i>i</i> as in <i>ravine</i> ; the sound of <i>ee</i> in <i>beet</i> . Thus, not <i>Feejee</i> , but | Fiji, Hindi. |
| o | <i>o</i> as in <i>mote</i> | Tokyo. |
| u | long <i>u</i> as in <i>flute</i> ; the sound of <i>oo</i> in <i>boot</i> . <i>oo</i> or <i>ou</i> should never be employed for this sound..... Thus, not <i>Zooloo</i> , but <i>All vowels are shortened in sound by doubling the following con-</i> <i>sonant</i> Doubling of a vowel is only necessary where there is a distinct repetition of the single sound. | Zulu, Sumatra. |
| ai | as in <i>aisle</i> , or English <i>i</i> as in <i>ice</i> | Yarra, Tanna, Mecca, Jidda. |
| au | <i>ow</i> as in <i>how</i> Thus, not <i>Foochow</i> , but | Nuulua, Oosima. |
| ao | is slightly different from above..... | Shanghai. |
| aw | when followed by a consonant or at the end of a word, as in <i>law</i> .. | Fuchau. |
| ei | is the sound of the two Italian vowels, but is frequently slurred over, when it is scarcely to be distinguished from <i>ei</i> in the English <i>eight</i> or <i>ey</i> in the English <i>they</i> . | Macao. |
| b | English <i>b</i> . | Cawnpore. |
| c | is always soft, but is so nearly the sound of <i>s</i> that it should be seldom used. If <i>Celebes</i> were not already recognized it would be written <i>Selebes</i> . | Beirut, Beilul. |
| ch | is always soft as in <i>church</i> | Celebes. |
| d | English <i>d</i> . | Chingchin. |
| f | English <i>f</i> . <i>ph</i> should not be used for the sound of <i>f</i> . Thus, not <i>Haiphong</i> , but | Haifong, Nafa. |
| g | is always hard. (Soft <i>g</i> is given by <i>j</i>)..... | Galapagos. |
| h | is always pronounced when inserted. | |
| hw | as in <i>what</i> ; better rendered by <i>hw</i> than by <i>wh</i> , or <i>h</i> followed by a vowel, thus <i>Hwang ho</i> , not <i>Whang ho</i> , or <i>Hoang ho</i> . | Hwang ho, Ngan hwei. |
| j | English <i>j</i> . <i>Dj</i> should never be put for this sound..... | Japan, Jinchuen. |
| k | English <i>k</i> . It should always be put for the hard <i>c</i> . Thus, not <i>Corea</i> , but | Korea. |
| kh | The Oriental guttural..... | Khan. |
| gh | is another guttural, as in the Turkish..... | Dagh, Ghazi. |
| l | } As in English. | |
| m | | |
| n | | |
| ng | | |
| | has two separate sounds, the one hard as in the English word <i>finger</i> , the other as in <i>singer</i> . As these two sounds are rarely employed in the same locality, no attempt is made to dis- tinguish between them. | |
| p | As in English. | |
| ph | As in <i>loophole</i> | Chemulpho, Mokpho. |
| th | stands both for its sound in <i>thing</i> , and as in <i>this</i> . The former is most common. | Bethlehem. |
| q | should never be employed; <i>qu</i> (in <i>quiver</i>) is given as <i>kw</i> When <i>qu</i> has the sound of <i>k</i> as in <i>quoit</i> , it should be given by <i>k</i> . | Kwangtung. |
| r | } As in English. | |
| s | | |
| sh | | |
| t | | |
| v | | |
| w | | Sawakin. |
| x | | |
| y | is always a consonant, as in <i>yard</i> , and therefore should never be used as a terminal, <i>i</i> or <i>e</i> being substituted as the sound may require..... Thus, not <i>Mikindany</i> , but not <i>Kwaly</i> , but | Kikuyu. |
| z | English <i>z</i> | Mikindani. |
| zh | The French <i>j</i> , or as <i>s</i> in <i>treasure</i> | Kwale. |
| | Accents should not generally be used, but where there is a very decided emphatic syllable or stress, which affects the sound of the word, it should be marked by an <i>acute</i> accent. | Zulu. |
| | | Muzhdaha. |
| | | Tongatábu, Paláwan, Sar- áwak. |

7-8 EDWARD VII., A. 1908
